

### **D-3 BUDGET PLANNING**

The planning and preparation of the annual budget will be the responsibility of the assistant superintendent or business manager, under the supervision of the superintendent.

Preliminary budget proposals, developed by the assistant superintendent with input from members of the staff and administration, will be presented to the members of the Board for their consideration and study in August.

Tentative approval and authorization to advertise the budget and tax levies shall be given by the Board in sufficient time to allow publication as required by law.
