

## E-12 STUDENT TRANSPORTATION SERVICES

The primary purpose of school transportation is to get pupils from home to school and back in an efficient, safe, and economical manner. Other purposes include the provision of transportation for extracurricular activities and academic field trips in direct support of the curriculum and transportation for support of the co-curricular and extracurricular programs.

These shall be the criteria for management of school transportation:

1. Adequacy: Does the program provide both necessary and sufficient transportation to and from school and for all other school programs?
2. Safety: Does the scheduling and operating of the program take into consideration hazards, potential dangers to pupils, and all appropriate safeguards?
3. Economy: Is the program operated in the most efficient manner possible after considering the constraints imposed by the criteria of adequacy and safety?

The assistant superintendent, working in conjunction with the Director of Transportation, the principals, and bus drivers shall be responsible for scheduling all bus transportation, including the determination of routes, rules and regulations, and all other matters relative to the transportation program.

The school transportation program shall be monitored by the Director of Transportation.

All school children, while being transported on a school bus, shall be under the supervision, direction and control of the school bus driver, and shall be subject to the discipline of the bus driver and the governing body of the school corporation.
