

## **E-19 SPECIAL USE OF SCHOOL BUSES**

The Board of School Trustees may permit the use of school buses for transportation of eligible students and necessary adult chaperones to and from any activity which is sponsored, controlled, supervised, or participated in by a school or the school district.

The Board may also permit the corporation owned buses to be used for non-school purposes.

The Board may authorize the use of its school buses during any local, state, or national emergency when requested by any governmental authority.
