

G-21 PROFESSIONAL STAFF ABSENCES FOR CONFERENCES AND VISITATIONS

The Board of School Trustees of the Plainfield Community School Corporation firmly believes in the continuing growth and development of each staff member.

To help accomplish this end, provisions will be made to allow attendance of staff at certain conferences with expenses being partially paid by the school district. Requests to attend conferences and to be considered for reimbursement are to be directed to the superintendent, who has authority to make the final determination. Claims/invoices resulting from the conferences must be approved by the Board of School Trustees.
