

I-2 SCHOOL YEAR/SCHOOL CALENDAR

For the 1988-89 school year and each school year after that, each school corporation shall conduct at least 180 student instructional days for all students grades 1 through 12.

A student instructional day consists of a minimum of five (5) hours of instructional time in grades 1 through 6 and six (6) hours of instructional time in grades 7 through 12.

Instead of conducting a full student instructional day, a school corporation may provide the equivalent amount of instructional time by conducting partial student instructional days.

Instructional time is time in which students are participating in an approved course, curriculum or educationally related activity under the direction of a teacher. Instructional time includes a reasonable amount of passing time between classes within a single school building or on a single school campus. Instructional time does not include lunch or recess.

The Plainfield Community School Corporation shall maintain a two-year school calendar. Each year, a proposed calendar developed through discussions between the superintendent and the Discussion Committee of the Plainfield Professional Educators Association for the second school year following the current school year will be presented to the Board for review and official approval.
