

I-37 COMMUNITY RESOURCE PERSONS

The Board of School Trustees recognizes that one of the greatest resources of the school is to be found in the people of the community who have special knowledge and particular talents to contribute to the school program. The Board, therefore, encourages the use of community resources and citizens to assist in furthering the educational program. Each principal should study the needs of his or her individual school, survey the resources available in the school community, weigh their probable usefulness, and then plan for using those community resources.
